COST: \$65.00 per person if you register before September 30, 2010
\$75.00 per person after September 30th
(lunch will be provided)

SPACE LIMITED – ADVANCE REGISTRATION REQUIRED

GUEST SPEAKER: Mary Decher, Kennel von Klingelberg, Leonberger Club of America founder

Mary Decher has been involved in the breed since 1982 when she and her family saw their first Leonberger while living in Germany. They returned home to America shortly afterwards with a female puppy who literally changed their lives. Eventually, they located several other Leo owners, called a meeting in 1985 in Denver, and formed an Independent Leonberger Club that has just celebrated its 25th year. Through the years Mary has been, and still is, an active member, breeder / stud owner, officer, and past president of the club, as well as an LCA judge. She has participated in several German judging clinics looking at the Leonberger. Her most recent accomplishment was the development and publication of "The Leonberger: An Illustrated Breed Standard."

The genetic health of the breed also interests Mary greatly. As one of the founders of the Leonberger Health Foundation, Mary and her co-founders have been major contributors to many canine research projects, including LPN, whose gene has just been identified in the Leonberger by researchers at the University of Michigan Veterinarian School. In addition to this exciting discovery, the LHF is confident that within a year there will be a test for this genetic disease.

*We are very excited and privileged to have Mary join us -
you won't want to miss this informative and fun day!*
